

Noise From The Basement (2015)

In the summer of 2015, I recorded a series of videos. Live recordings done in the basement of the house we were renting in Blair, Nebraska. It was basically a handycam on a tripod, no special mics or anything, and a clip light.

Some of the songs (Willow Jane, Richer than Me, Miranda) were previously unreleased, while some (Stranger Things, the Lepers and My Lord, I Lose Control) were alternate arrangements involving harmonica or different tunings.

It turned out pretty well. Well enough for me to let it go and put it out there.

If you wish to download it, you can [get it here](#) . Enjoy the music!
